

HUMAN BIOLOGY

THE CELL TERMS

1. Active transport
2. Cell theory
3. Cellular respiration
4. Chromosome
5. Citric acid cycle
6. Coenzyme
7. Diffusion
8. Electron transport chain
9. Enzyme
10. Facilitated transport
11. Fermentation
12. Glycolysis
13. Golgi apparatus
14. Hypertonic solution
15. Hypotonic solution
16. Isotonic solution
17. Metabolism
18. NAD
19. Osmosis
20. Passive transport
21. Product
22. Reactant
23. Selective permeable
24. Substrate
25. ATP
